Welcome

ADIA is delighted to invite you to South Australia on October 12 to 14 for the DRILL 2021 conference being held at the Adelaide Convention Centre. The theme of the conference is "Gearing for Growth", a title we think is reflective of the current state of play within the drilling industry. It is the most buoyant conditions seen for a decade with many drilling contractors operating at peak capacity. Two of the big challenges being faced to keep on the growth path are investment in people and equipment.

The Adelaide Convention Centre has undergone a major refurbishment in recent years and boasts an excellent range of conference and exhibition facilities. South Australia is centrally located with other states, which will mean easy access and shorter travel distances to attend. Those who have been to this venue previously will appreciate the proximity to nearby hotels, numerous dining options and entertainment. The weather in Adelaide in October can be unpredictable, so we would recommend bringing a few warm clothes, especially for when venturing outdoors in the early mornings and evening. The conference, exhibition and conference dinner are all being held indoors. The offsite dinner at the National Wine Centre will be partly outdoors at the start of the evening for drinks and canapes on arrival.

DRILL 2021 is being strongly supported by the industry's major providers, therefore there is going to be a diverse range of product on display, from the latest software to support your business, in-hole drilling tool innovation, through to heavy equipment including trucks, compressors and drill rigs. The exhibition will be complimented by two days of practical and informative presentations from industry specialists, on topics which are relevant to the conference theme.

There will be plenty of opportunity for networking with other delegates outside of the daytime conference, with planned activities for each evening.

Full delegate registration includes:

- Welcome evening cocktail party on Tuesday October 12, which will be held in the exhibition area and sponsored by 4PS Software
- All conference plenary sessions over the two days with expert industry presenters
- Full access to all exhibition areas
- Conference dinner on Wednesday evening at the Convention Centre, sponsored by Metzke
- Lunches and morning and afternoon teas, sponsored by Swick Mining.

There are also options for registering for single days on either Wednesday or Thursday.

Getting there

Adelaide is an easy destination with regular direct flights from all other capital cities and some regional towns. Adelaide Airport is about 5km from the Convention Centre and nearby hotels, and is serviced with taxis, buses and other ride sharing options. Whilst we would love to see some of our overseas members and guests being able to attend, reality is that this will depend on international border restrictions closer to the time.

Accommodation

The Convention Centre is located next to the Casino and Adelaide Oval which are all surrounded by several quality accommodation options within easy walking distance. ADIA has arranged for special rates on rooms with the InterContinental, the Oval Hotel, Holiday Inn Express, Oaks Embassy and Oaks Horizon. With this selection of hotels, there will be something to suit everyone's taste and budget.

There is a dedicated website for accommodation bookings which can be accessed from the link on the DRILL 2021 event page on the ADIA website.

Partners' Tour

DRILL 2021 is catering for delegates' partners with a Wednesday day trip visiting the Adelaide Hills. The morning stop will be in the quaint German heritage village of Hahndorf, its main street being full of craft shops, clothing stores, cafes and specialist foods. From there the tour will visit a nearby winery for lunch and a wine blending experience.

This will be the perfect lead-in to the DRILL 2021 conference dinner being held at the Convention Centre on Wednesday evening. The cost is \$400 which also includes the welcome party and conference dinner.

Thursday night offsite dinner

DRILL 2021 will wind down in style with an evening of great food and drinks at the National Wine Centre, sponsored by Evolution Drill Rigs. An added feature is that the Centre has an educational component allowing guests to get close to the wine making process. The night will start with drinks on the outside patio (weather permitting) before moving indoors for a seated 3 course meal and entertainment.

Please note that this dinner is not included in the standard registration cost and those wanting to attend will need to select it as an option when completing your online registration. The cost is \$120 which also includes transport to and from the venue.

Financial support from the Federal Government's Business Events Grant Scheme

DRILL 2021 has been confirmed as an "approved business event" under the Austrade Grant Scheme. This scheme may provide delegates with financial support to attend and participate at conferences and exhibitions.

Organisations intending to send delegates to DRILL 2021 can apply for funding to cover up to 50% of eligible costs for attending. Please note that the rules around this are regularly changing so please check for the latest updates at:

<https://business.gov.au/grants-and-programs/business-events-grants#contact>

To apply for the grant, you must go directly to the Austrade website as they are the sole decision maker regarding the program. ADIA cannot make the application on your behalf. The closing date for grant applications is June 30.

A FAQ sheet about the grant scheme which provides much more of the accompanying detail is available on the DRILL 2021 page on our website. An important point is that if the event is forced to cancel because of COVID-19, then the grant can be used to fund the non-refundable costs up to the value of the grant.

Terms & Conditions

Payment Terms

Payment is required in advance to secure your registration and admittance to DRILL 2021.

Cancellations

If the event needs to be rescheduled due to a COVID outbreak in South Australia, all registrations will be transferred to the new set of dates. If someone cannot attend the new dates, then the normal cancellation policy will apply.

COVID Cancellations

If the event needs to be rescheduled due to a COVID outbreak in South Australia, all registrations will be transferred to the new set of dates. If someone cannot attend the new dates, then the normal cancellation policy will apply.

If delegates cannot travel due to a COVID outbreak in their home state within 2 weeks of the start date, a 50% refund will apply. We therefore encourage attending companies to apply for a Business Event Grant which will cover the non-refundable portion.

Accommodation

Accommodation terms and conditions can be found on the ADIA registration webpage.

Accommodation is managed by an independent provider and not directly through ADIA so you will be bound by their own terms and conditions.
